

# Microsoft 365 Copilot Workshop with BUI

Explore the powerful capabilities of **Microsoft 365 Copilot** during an immersive readiness workshop with our team of AI and Modern Work specialists.

## WORKSHOP OVERVIEW

Assess your business needs, prioritise your Microsoft 365 Copilot scenarios, and lay the foundation for AI-fuelled innovation in your company during a **Microsoft 365 Copilot Workshop** with BUI.

### EXPLORE

You'll be introduced to Microsoft 365 Copilot during a thorough solution overview that includes demos and walkthroughs.

### REVIEW

You'll receive detailed information about the licensing and technical requirements for Microsoft 365 Copilot.

### EXAMINE

You'll have a clear idea of your organisation's overall readiness for Microsoft 365 Copilot after assessments by our specialists.

### IDENTIFY

You'll identify your key stakeholders and your unique Microsoft 365 Copilot use cases with guidance from our team.

### PREPARE

You'll receive a road map with next steps, recommendations and insights for a smooth Microsoft 365 Copilot integration.

## WORKSHOP STRUCTURE

The workshop is delivered over three days and includes a pre-workshop meeting, a three-phase workshop engagement, and a follow-up feedback session.

## WORKSHOP OUTCOMES

- ✓ Walk away knowing what Microsoft 365 Copilot is all about, how it can benefit your company, and how it can help your people become more creative and productive every day.
- ✓ Gain a comprehensive understanding of the planning required to prepare your organisation for a successful Microsoft 365 Copilot adoption and onboarding process.
- ✓ Receive a documented strategic plan containing your workshop summary, recommendations for your Microsoft 365 Copilot implementation project, proposed timelines, and more.

## WHO SHOULD ATTEND?

The Microsoft 365 Copilot Workshop is suitable for Senior Business Development Managers, Line-of-Business Leaders, Managers, IT Decision Makers and End Users, and is delivered remotely by our team.

## WHY BUI?

BUI is a Microsoft Azure Expert MSP and a Microsoft Solutions Partner for Business Applications, Data & AI, Digital & App Innovation, Infrastructure, Modern Work, and Security with 20+ years of experience in the technology sector and a track record of success on three continents.
