

FRONTIER ACCELERATE FOR COPILOT

Put AI agents to work in your business.

A design-and-build engagement that delivers Microsoft agents and Power Platform solutions, including Agent 365, that automate and accelerate your real workflows.

AGENT SOLUTIONS • IN PARTNERSHIP WITH MICROSOFT

THE OPPORTUNITY

Three questions this engagement answers

Agents move AI from answering questions to doing work. This engagement builds and deploys agents against your real processes.

1

What could agents do for us?

The workflows where agents create the most value.

2

How do we build them safely?

Agents built with governance, security and compliance.

3

Will they be used?

Deployment driven to real, measured adoption.

WHAT THE ENGAGEMENT COVERS

From a good idea to a working agent

1

Identify agent opportunities

We find the workflows where agents deliver real impact.

2

Design and build

We design and build agents and Power Platform solutions, including Agent 365.

3

Deploy to production

We deploy the agents into your environment, governed and secure.

4

Drive adoption

We drive real usage across consumption, agent and Power Platform activity.

WHAT YOU GAIN

Automation that takes real work off your teams

1

Automated workflows

Agents that take real work off your teams.

2

Built-in governance

Security and compliance from the start.

3

Faster processes

Cycle times cut across targeted workflows.

4

A platform to scale

A repeatable way to build more agents.
