

FRONTIER ACCELERATE FOR SECURITY

Turn the security you bought into security you use.

A guided deployment and adoption engagement that stands up your Microsoft 365 E5/E7, Defender and Purview workloads in production, and drives real, measured adoption.

DEPLOYMENT ACCELERATOR • IN PARTNERSHIP WITH MICROSOFT

THE OPPORTUNITY

Three questions this engagement answers

Licences only protect you once they are deployed and adopted. This engagement closes the gap between purchase and protection.

1**What should we roll out first?**

A deployment and adoption plan for your purchased workloads, sequenced for impact.

2**How do we deploy safely?**

Migration and configuration in production, aligned to Microsoft best practice.

3**Are people actually using it?**

Adoption driven to a measured active-usage milestone, so protection is real.

WHAT THE ENGAGEMENT COVERS

From licences to live, adopted protection

1**Plan the deployment**

We build a deployment and adoption plan for the workloads you have licensed across Defender, Purview and Entra.

2**Deploy in production**

We migrate and configure the licensed workloads in your production environment, correctly and securely.

3**Drive adoption**

We drive usage to a monthly active-user milestone, so the protection is live, not shelfware.

4**Embed and hand over**

Operational guidance and knowledge transfer so your team can run it confidently.

WHAT YOU GAIN

Protection that is deployed, adopted and real

1

Protection that's live

Your security workloads deployed and in use, not sitting idle.

2

A safe rollout

Production deployment aligned to Microsoft best practice.

3

Measured adoption

Usage driven to a real milestone, so risk actually drops.

4

A confident team

Knowledge transfer that leaves your people in control.

WHAT IT COVERS

The Microsoft technologies we bring to life

SUITE

Microsoft 365 E5 / E7

The full modern security and productivity stack.

THREAT

Defender suite

Endpoint, identity, email and cloud app protection.

DATA

Purview suite

Information protection and insider risk management.

IDENTITY

Entra ID P2

Advanced identity protection and governance.

WHY BUI

Delivered by a partner Microsoft trusts

BUI is a Microsoft Azure Expert Managed Services Provider and a Microsoft Solutions Partner across all six cloud solution areas, with nine Advanced Specialisations and a two-time Microsoft Country Partner of the Year (2023 and 2024). We deliver end to end, and stay with you as you scale. Delivered in partnership with First Technology, your trusted BUI partner.

Ready to start? Connect with your BUI account team to plan your Security Deployment Accelerator.

Get the protection you're paying for.

A guided deployment and adoption engagement that turns your Microsoft security investment into measured, real-world protection.
