

FRONTIER ACCELERATE FOR SECURITY

Unlock the security you already own.

For organisations under-using their Microsoft 365 E5 entitlements, a focused engagement that activates the Data Security or extended detection and response capabilities you are already licensed for.

MICROSOFT 365 E5 USAGE • IN PARTNERSHIP WITH MICROSOFT

THE OPPORTUNITY

Three questions this engagement answers

Many organisations pay for E5 but use a fraction of its security value. This engagement turns dormant entitlements into active protection, ahead of renewal.

1**What are we not using?**

A clear view of the E5 security capabilities you own but have not switched on.

2**Data security or detection?**

A path focused on Purview data security, or on an operational XDR capability.

3**How do we get value
before renewal?**

Production deployment that drives real usage across your users.

WHAT THE ENGAGEMENT COVERS

From dormant entitlements to active protection

1**Baseline your usage**

We identify where you are under-using existing licences ahead of renewal.

2**Choose your focus**

Data Security (Purview Information Protection and Insider Risk) or XDR (Defender across endpoint, email, identity and cloud apps, with Entra ID).

3**Deploy into production**

We stand up the capability and integrate it into your operations.

4**Drive real usage**

We drive adoption into your user base so the protection is genuinely in effect.

WHAT YOU GAIN

More security from what you already pay for

1

More from what you own

Value unlocked from entitlements you already pay for.

2

Stronger data security

Information protection and insider risk controls live.

3

An operational SOC capability

Extended detection and response across your estate.

4

A stronger renewal case

Demonstrated value that justifies your E5 investment.

WHAT IT COVERS

The Microsoft technologies we bring to life

DATA

Purview Information Protection

Classify and protect sensitive data.

INSIDER RISK

Purview Insider Risk

Detect and manage risky internal activity.

XDR

Microsoft Defender

Unified detection and response across the estate.

IDENTITY

Entra ID P2

Advanced identity protection.

WHY BUI

Delivered by a partner Microsoft trusts

BUI is a Microsoft Azure Expert Managed Services Provider and a Microsoft Solutions Partner across all six cloud solution areas, with nine Advanced Specialisations and a two-time Microsoft Country Partner of the Year (2023 and 2024). We deliver end to end, and stay with you as you scale. Delivered in partnership with First Technology, your trusted BUI partner.

Ready to start? Connect with your BUI account team to activate your Microsoft 365 E5 security.

Activate the E5 security you own.

A focused engagement that turns under-used Microsoft 365 E5 entitlements into live, operational protection, before your next renewal.
